OBJECTIVE

Aspiring Software Engineer seeking an entry-level role to apply programming fundamentals, problem-solving skills.

EDUCATION

Bachelor of Technology in Information Technology ,

Usha Rama Collage Of Engineering and Technology

2023 - 2027

Relevant Coursework: Data Structures, Algorithms, DBMS, Operating Systems, Web Technologies.

SKILLS

Technical Skills Python, Java, C, HTML, CSS, JavaScript

Databases MySQL

Tools Git, GitHub, VS Code

Soft Skills Problem Solving, Analytical Thinking, Communication, Time Management

EXPERIENCE

AI-ML Virtual Intern

Apr 2025 – Jun 2025

AICTE – EduSkills (National Internship Portal)

INDIA

- Learned core AI/ML concepts through structured virtual training.
- Worked with basic ML workflows and data-driven problem solving.
- Applied Python-based tools to understand real-world AI/ML use cases.

Salesforce Certified Professional)

Dec 2025

Salesforce (Trailhead)

INDIA

- Earned Salesforce Agentforce Specialist certification by completing advanced platform training and assessments.
- Developed understanding of managing users, data, and business processes within the Salesforce ecosystem.

PROJECTS

Login Page Web Application. A Login Page Web Application is a simple front-end project developed using HTML, CSS, and JavaScript. It allows users to enter a username and password to access a system. HTML is used for page structure, CSS for styling and layout, and JavaScript for basic form validation. This project helps beginners understand web page design, user input handling, and client-side validation. ([Check it here](#))

EXTRA-CURRICULAR ACTIVITIES

- Active participant in coding contests and hackathons.
- Created technical posts on LinkedIn related to programming concepts.
- Intrested in Story Writting and reading scripts .

LEADERSHIP

- Class Representative / Coding Club Member, actively involved in organizing tech events and peer learning sessions.
